Notes :

1. The audited financial results have been reviewed by the Audit Committee and approved by the Board of Directors at their meetings held on 30 May 2016.
2. After achieving the maximum permissible production of 6.20 lac MT, the Ammonia / Urea plants were stopped for maintenance activities on 27th March 2016.

During the quarter, the production and sale of manufactured Urea were respectively 1.51 lac MT and 1.72 lac MT and for the year, the production and sale of manufactured urea were respectively 6.20 lac MT and sold 6.23 lac MT.

The Company, as handling agent of Government of India for marketing urea within the country, had handled 1.88 lac MT of Urea and sold 1.46 lac MT. The total urea sales during the year was 7.70 lac MT.

3. Government of India on 17 June 2015, had permitted the Company to produce Urea using Naphtha as feedstock on existing provisions till assured supply of gas is made available and subsidy would be paid based on the Retention Price computed on the lower of naphtha or RLNG price.

Subsidy for the period 1 April 2015 to 31 March 2016 of Rs. 129783.44 lac has been accounted based on the provisional Retention Price (RP) computed in line with the Government's policy indicated in the notification dated 17 June 2015, as the final retention price has not been announced by the Department of Fertilizers. The necessary adjustments, if any, will be made when the final retention price is notified by the Department of Fertilizers.

4. Trade receivables include dues receivable from an associate company of Rs.2044.40 lacs (net of provision of Rs.702.45 lacs created in earlier years). Management is actively pursuing the recovery of these dues and is confident that they would be recovered in due course of time. Hence no provision has been considered necessary for the said receivables.
5. During the period 1<sup>st</sup> April 2015 to 31 March 2016, the Plant was in operation for 305 days as against 267 days in the corresponding previous year. Hence the results for the year ended 31 March 2016 are not comparable with that of previous year.

6. An amount of Rs.63.47 crores representing certain claims of ILFS against the Company were disputed / challenged before the Courts. In view of the settlement of the said claims by payment of Rs.7.50 crores during the year by the Company, as agreed through a Memorandum of Compromise, there is no further liability to the Company on this account.
7. There is no provision for tax in view of the brought forward losses / unabsorbed depreciation relating to earlier years available for set off while computing income both under the provisions of Sec 115-JB and those other than Sec 115-JB of the Income Tax Act, 1961. The Company has brought forward business losses and unabsorbed depreciation, which give rise to a net deferred tax asset. However, in the absence of virtual certainty that sufficient future taxable income will be available against which such deferred tax asset can be realised, this has not been recognised.
- 8(a) The Company's investments included Rs. 18453.62 lac (Previous year Rs.18453.62 lac) in equity share capital of SPIC Fertilizer and Chemicals Limited, Mauritius (SFCL, Mauritius), which had invested in a wholly owned subsidiary company, viz. SPIC Fertilizers and Chemicals FZE, Dubai (SFC FZE, Dubai) in the earlier years, whose objective was production of ammonia and urea in Jebel Ali Free Zone, Dubai. Since the project did not materialize due to non allocation of gas, the said subsidiary company had decided to be wound up as on 29 February 2016. SFCL Mauritius has approved the decision of SFC FZE Dubai to effect winding up. The Board of Directors of the Holding Company have also approved the commencement of winding up.
- 8(b) The independent auditor of SFCL Mauritius, in his audit report has expressed a qualified opinion regarding 'the preparation of financial statements on a going concern basis' for the years ended March 31, 2010 to March 31, 2015 and has stated that there may be material adjustments required to the reclassification and carrying amount of assets and liabilities as disclosed in these consolidated financial statements, the impact of which cannot be assessed currently. The financial statements of SFC FZE Dubai as on the date of winding up is under finalization and therefore the financial statements of SFCL Mauritius for the year ended March 31, 2016 are also under preparation.
- 8(c) In view of the above matters, the accounts relating to the subsidiary Company SFCL Mauritius included in the consolidated financial statements is as at March 31, 2011 which is based on Management accounts and do not include the adjustments relating to the period April 1, 2011 to March 31, 2016. Necessary adjustments would be effected on completion of the winding up proceedings. This matter has been qualified by the auditors in their Report on the Consolidated Financial Statements.

9. Previous period's figures have been regrouped/recast, wherever necessary, to conform to the classification on the current year/period's classification.
10. Figures for the quarter ended 31 March 2016 and 31 March 2015 in respect of standalone financials represent the difference between the audited figures in respect of the full financial years and the published figures of nine months ended 31 December 2015 and 31 December 2014 respectively, as regrouped.
