

BUSINESS RESPONSIBILITY REPORT

[See Regulation 34(2)(f) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015]

SECTION A: GENERAL INFORMATION ABOUT THE COMPANY

No.	Particulars	Details
1	Corporate Identity Number (CIN) of the Company	L11101TN1969PLC005778
2	Name of the Company	Southern Petrochemical Industries Corporation Limited
3	Registered address	SPIC House No. 88, Mount Road Guindy, Chennai 600032
4	Website	www.spic.in
5	E-mail id	spiccorp@spic.co.in
6	Financial Year reported	2020-21
7	Sector(s) that the Company is engaged in (industrial activity code-wise)	Manufacture of Neem Coated Urea
8	List three key products/services that the Company manufactures/provides (as in balance sheet)	Neem Coated Urea
9	Total number of locations where business activity is undertaken by the Company	
	(a) Number of International Locations (Provide details of major 5)	Nil
	(b) Number of National Locations	7 National Locations
10	Markets served by the Company – Local/State/ National/International	Local - 2 (includes Chennai & Tuticorin) States - 6 & Union Territory - 1 National – 6 States & Union Territory - 1 International - Nil

SECTION B: FINANCIAL DETAILS OF THE COMPANY

No.	Particulars	Details
1	Paid-up Capital (INR)	2,03,64,03,360
2	Total Turnover (INR)	15,55,58,78,691
3	Total profit after taxes (INR in lakhs)	5185.01
4	Total Spending on Corporate Social Responsibility (CSR) as percentage of profit after tax (%)** (INR in lakhs)	57.07
5	List of major activities in which expenditure in 4 above has been incurred:-	1. Covid-19 relief work – Food and Groceries donation, Donation of PPE Kits, cloth masks to public, Thermometer, Hand gloves, sanitizer, Oxymeter, Medical items, and Fumigation work. 2. Rural Development projects. 3. Donation of bedsheets, Mats, Soap, water bottles to public and dresses to physically challenged children. 4. Promotional of Rural sports. 5. Making available of safe drinking water etc.

Principle 2 : Businesses should provide goods and services that are safe and contribute to sustainability throughout their life cycle

1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.
 - (a) Product - 100% Neem Coated Urea for high nutrient use efficiency
 - (b) Safety health and Environment Services - Which manages and monitors the safety systems, environmental monitoring and Healthy working practices of Employees and Contract workforce.
 - (c) Engineering Services - Which takes care of Equipment reliability, Boiler regulatory requirements, PESO Compliances, FICC requirements and other obligations arising out of government agencies.
2. For each such product, provide the following details in respect of resource use (energy, water, raw material etc.) per unit of product(optional):
 - (a) Reduction during sourcing/production / distribution achieved since the previous year throughout the value chain?
 - i. The Company is carrying out feedstock conversion project since 2018 which includes conversion of feedstock from Naphtha to Natural Gas and reduction of specific energy consumption from 6.9 to 5.8 Gcal/MT of Urea produced.
 - ii. The Company has started receiving Natural Gas (NG) from ONGC, Ramanathapuram through IOC's pipeline infrastructure and used in Boilers and Reformer. Natural gas is clean fuel and it will reduce the energy consumption. Ramp up of NG intake is under progress.
 - iii. The Company is upgrading the equipment with improved efficiency to reduce the energy consumption. Tube replacement was done for Syn Gas Compressor Turbine surface condenser to improve the Heat Duty. New CO2 Blower was erected and commissioned to reduce the power consumption
 - iv. The Company follows Zero liquid discharge. All the effluents from cooling tower blow down and process effluents are treated in integrated effluent treatment plant and circulated back to the system.
 - (b) Reduction during usage by consumers (energy, water) has been achieved since the previous year?
 - i. The Company has separate team to create awareness among the farmers who use our fertilizer. The Company continuously insists farming community to optimize and reduce the excess consumption of fertilizers to crops which will support a sustainable agriculture. This will reduce surplus consumption of the fertilizer thereby reduce the wastage. Our field personnel constantly advise the farmers about modern agricultural practices, namely, drip irrigation, use of specialty agro-products and cropping pattern to improve farm productivity. Soil testing and weather forecasting are also integral part of our service to our customers.
3. Does the Company have procedures in place for sustainable sourcing (including transportation)?

Yes

 - (a) If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.

The Company follows procedures for registration of Vendors. The Company follows Continuous Assessment of the supplier for both material and service providers. For the spares and consumables, the Company has established vendors who supply with standard and proven mechanism.

4. Has the Company taken any steps to procure goods and services from local & small producers, including communities surrounding their place of work - **Yes**

- (a) If yes, what steps have been taken to improve their capacity and capability of local and small vendors?

The Company has been utilizing the local contractors and service providers for all activities like Bagging and loading of finished product and encourages them for continuous improvement. Priority is being given to local service providers to enhance their productivity and performances. The Company is supporting the local community for their livelihood through training and need based development.

5. Does the Company have a mechanism to recycle products and waste? - **Yes**

- (a) If yes what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.

The Company has been stringently following the management of hazardous wastes. The spent catalysts have been properly disposed to Tamilnadu Waste Management Limited. Used oils are disposed to Authorized recycler approved by Tamilnadu Pollution Control Board. Process condensates are recycled back to the after treatment.

Principle 3 : Businesses should promote the wellbeing of all employees

1. Please indicate the Total number of employees - 636
2. Please indicate the Total number of employees hired on temporary/contractual/casual basis - 650
3. Please indicate the Number of permanent women employees - 43
4. Please indicate the Number of permanent employees with disabilities - Not Applicable
5. Do you have an employee association that is recognized by Management - Yes (One Union)

Principle 5 : Businesses should respect and promote human rights

1. Does the policy of the Company on human rights cover only the Company or extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others? :

The Policy covers only the Company. We will extend this to our suppliers/contractors in a phased manner.

2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management? :

No complaint was received.

Principle 6 : Business should respect, protect, and make efforts to restore the environment

1. Does the policy related to Principle 6 cover only the Company or extends to the Group/Joint Ventures/Suppliers/Contractors/NGOs/others? **Yes**

The Company's Policy on Environment covers the Company employees and the contract workforce working in the plant. The suppliers and contractors must adhere to the norms and code of conduct which include the environment and sustainability aspects.

2. Does the Company have strategies/initiatives to address global environmental issues such as climate change, global warming, etc.? **Yes**

The Company has Safety Health and Environmental Policy which intends to ensure safe work place and reduction of potential hazard to environment. The shift of feedstock from Naphtha to Natural Gas for Urea production will reduce the emission of SO₂. Furnace oil fired Boilers will be replaced with cleaner fuel Natural Gas. The Energy saving project will reduce the Specific electrical power consumption of the Urea to 50 percent of present level.

3. Does the Company identify and assess potential environmental risks? - **Yes**

The Company is ISO certified (9001:2015, 14001:2015 and 45001:2018). As a part of ISO, the Environmental aspects and its impact are studied and significant issues were identified. The Operational Control Procedure has been devised for control of environmental risks.

4. Does the Company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if yes, whether any environmental compliance report is filed? - **Yes**.

The Company has taken up projects towards clean development, eg., conversion of feed stock from Naptha and Furnace oil to Natural gas. Environmental Impact Analysis & Environmental Management Reports have been filed. Tree plantation programmes were organized towards Green Development with a target of 785 tree saplings to be planted every year. Giving priority to the concept of "Reduce, Reuse and Recycle, the Company donated and installed a Plastic Bottle Crusher at the Tirunelveli Railway Station.

5. Has the Company undertaken any other initiatives on – clean technology, energy efficiency, renewable energy, etc.- **Yes**

The Company is participating in a solar power project of 24.7 MW capacity, which is being erected as a floating unit on the water reservoirs of the Company. It will produce clean electric power from renewable source as well as help to reduce water evaporation from the reservoir.

6. Are the Emissions/Waste generated by the Company within the permissible limits given by CPCB/SPCB for the financial year being reported? - **Yes**

The Company reports the data on the generation of Effluents and wastes to CPCB. Monthly returns are submitted to Tamilnadu Pollution Control Board. Half yearly and Yearly reports are submitted to CPCB and Director, Ministry of Environment and Forest. CREP (Corporate Responsibility for Environmental Protection) reports are submitted monthly to Director, MoEF. Online analyzers / monitors are installed as per regulations.

7. Number of show cause / legal notices received from CPCB/SPCB which is pending (i.e. not resolved to satisfaction) as on end of Financial Year. - **Nil**

There is no pending Legal notice received from CPCB/SPCB.

Principle 7 : Businesses, when engaged in influencing public and regulatory policy, should do so in a responsible manner

1. Is your Company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:
