Note on segment information:

The Company is focused on two business segments Agro Inputs and Agri Business. Based on the "management approach" as defined in Ind AS 108 - 'Operating segments', the Chief Operating Decision Maker evaluates the Company's performance and allocates resources based on an analysis of the various performance indicators by business segments. Accordingly, information has been presented along these business segments. The accounting principles used in the preparation of the financial results are consistently applied to record revenue and expenditure in individual segments.

Notes :

1. The above financial results were reviewed and recommended by the Audit Committee and approved by the Board of Directors at their respective meetings held on 10th February, 2023 and has been subjected to review by the Statutory Auditors of the Company. These unaudited standalone financial results have been prepared in accordance with the recognition and measurement principles provided in Indian Accounting Standard (Ind AS) 34 on 'Interim Financial Reporting', the provisions of the Companies Act, 2013 (the Act), as applicable and guidelines issued by the Securities and Exchange Board of India (SEBI) under SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 as amended.
2. During the quarter, the production and sale of Urea of the Company were 1.89 lac MT and 1.82 lac MT respectively.
3. The Company received the permission from the Government of India on 17th June 2015, to produce Urea using Naphtha as feedstock on existing provisions till assured supply of gas is made available. The Government of India reimburses, in the form of subsidy, to the Fertilizer Industry, the difference between the cost of production and the selling price realized from the farmers, as fixed by the Government from time to time. The subsidy would be paid based on the benchmarking of its cost of production using Naphtha / Fuel oil with that of Regasified Liquefied Natural Gas (RLNG) price. Subsidy, for the quarter and nine months period ended December 31, 2022 of Rs. 54862.08 lacs and Rs. 164416.38 lacs respectively have been accounted based on the provisional Retention Price (RP) computed in line with Government's policy, as the final retention price has not been announced by the Department of Fertilizers. The necessary adjustments, if any, and its consequential impact will be assessed when the final retention price is notified.
4. The Company has become a Gas based Urea manufacturing unit since March, 13, 2021 and is therefore eligible for higher fiscal incentives in the form of subsidy income due to higher energy norms from the above said date for the next five year period. Since the Company is not connected to the National Gas Grid, it will be kept out of "Gas Pooling Mechanism" as per the Office Memorandum of the Ministry of Chemicals & Fertilizers dated August 13, 2021.
5. During the quarter, the Urea plant was in operation for 92 days (Previous year's corresponding quarter : 91 days).
6. There is no provision for tax under normal computation in view of the brought forward losses/unabsorbed depreciation relating to earlier years available for set off. Provision for Minimum Alternate Tax (MAT) under section 115-JB of the Income Tax Act, 1961 has been made for the quarter ended December 31, 2022 Rs. 1528.38 lacs and nine months ended December 31, 2022 for an amount of Rs. 6663.10 lacs and equivalent MAT asset has been recognised in the Balance Sheet for the tax liability as there is convincing evidence that the Company will utilise the asset to pay normal tax before the expiry of the period during which the credit is to be utilised.

7. Previous period's figures have been regrouped/recast, wherever necessary, to conform to the classification on the current year/period's classification.

Independent Auditor's Review Report on unaudited quarterly and year to date standalone financial results of Southern Petrochemical Industries Corporation Limited pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended

**The Board of Directors
Southern Petrochemical Industries Corporation Limited**

1. We have reviewed the accompanying statement of unaudited standalone financial results of Southern Petrochemical Industries Corporation Limited ('the Company') for the quarter ended December 31, 2022 and year to-date results for the period April 01, 2022 to December 31, 2022 ('the Statement') attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ('the Regulation').
2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Ind AS 34 'Interim Financial Reporting' ('Ind AS 34'), prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other recognized accounting principles generally accepted in India. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatements. A review consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. Based on our review conducted as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement prepared in accordance with the recognition and measurement principles laid down in Ind AS 34, prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and other recognized accounting principles generally accepted in India has not disclosed the information required to be disclosed in terms of the Regulation including the manner in which it is to be disclosed, or that it contains any material misstatement.
5. We draw attention to Note 3 to the unaudited standalone financial results with regard to computation of subsidy income based on the provisional retention price (RP) in line with the government's policy dated June 17, 2015, as the final retention price has not been announced by the Department of Fertilizers. The necessary adjustments, if any, and its consequential impact will be assessed when the final retention price is notified by the department of fertilizers.

Our conclusion is not modified in respect of the above matter.
