THE INSTRUCTIONS TO SHAREHOLDERS FOR REMOTE EVOTING AND E-VOTING DURING AGM FOR JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:

- (i) The voting period begins on Wednesday, 23rd September 2026 at 9:00 AM (IST) and ends on Sunday, 27th September 2026 at 5:00 PM (IST). During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date ("**Record Date**") of Monday, 21st September 2026 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date of the 55th AGM, i.e. 28th September 2026 would not be entitled to vote during the Meeting.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated 9th December 2020, under

Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level. Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders. In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders

would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/ CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

The Board recommends the proposal of payment of remuneration to the Cost Auditors for FY 2026-27 for approval/ratification by the Members by way of an Ordinary Resolution as set out in Item No. 6 of the Notice.

Memorandum of Interest:

None of the Directors and Key Managerial Personnel of the Company and/or their relatives are deemed to be concerned or interested in the resolution.

ITEM NO. 7

Mr. T K Arun (DIN: 02163427) is currently an Independent Director of the Company, who was appointed by the

Members of the Company in the 51st Annual General Meeting held on 30th September 2022 for a term of five years commencing from 11th November 2021 to 10th November 2026 (both days inclusive) and is eligible for re-appointment for the second term on the Board of the Company.

In terms of Section 149 and other applicable provisions of the Companies Act, 2013 ("the Act") and Regulation 16 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (LODR), Mr. T K Arun (DIN: 02163427) is eligible for re-appointment as an Independent Director for the second term of five years.

In the opinion of the Board, Mr. T K Arun fulfils the conditions specified in the Act and the LODR for his re-appointment as an Independent Director of the Company and is independent of the Management. Consent has been received from Mr. T K Arun to act as Independent Director of the Company. Notice proposing his candidature has been received under Section 160 of the Act.

Justification for continuation of the directorship of Mr. T K Arun is stated below:

Mr. T K Arun was initially appointed as a Non-Executive Non-Independent Director at the 47th Annual General Meeting held on 7th August 2018. Subsequently, considering his rich expertise, experience, and valuable contributions to the Company, the Board appointed him as Non-Executive Independent Director for a term of 5 years commencing from 11th November 2021 till 10th November 2026.

The Nomination and Remuneration Committee based on the performance evaluation, noted that Mr. T K Arun (DIN: 02163427) has performed his duties and roles as per the statutory requirement and has extensive knowledge and experience all of which has benefited the Company, recommended the re-appointment as an Independent Director for a second term of 5 years w.e.f. 11th November 2026. The Board considers that his continued association would be of immense benefit to the Company, and it is desirable to continue to avail his services as an Independent Director of the Company.

Accordingly, the Board of Directors had re-appointed the said Director as Non-Executive Independent Director under Section 149 and other applicable provisions of the Act at their Meeting held on 14th August 2026 based on the recommendation of the Nomination and Remuneration Committee and has decided to recommend to the shareholders his re-appointment for a second term of 5 years w.e.f. 11th November 2026.

Pursuant to Regulation 17(1C) of LODR, approval of shareholders for the re-appointment of a person on the Board of Directors shall be obtained at the next general meeting or within a period of three months from the date of appointment, whichever is earlier.

Accordingly, the Board recommends the Resolution in relation to the re-appointment of Mr. T K Arun (DIN: 02163427) as an Independent Director for a second term of 5 years w.e.f. 11th November 2026, for approval by the Members of the Company by passing a Special Resolution as set out in Item no. 7 of the Notice.

Memorandum of Interest

Except Mr. T K Arun, none of the Directors and Key Managerial Personnel of the Company and/or their relatives are deemed to be concerned or interested in the resolution.

ITEM NO. 8

At present the Non-Executive Directors (including independent directors) of the Company are paid sitting fee of Rs. 1 lakh per meeting of the Board attended by them. Considering the continued improved performance of the Company, other factors and the contribution by the Non-Executive Directors (NEDs) including the ID's during the Meetings, it is considered necessary to remunerate the NEDs including the ID's besides the sitting fees of Rs. 1 lakh paid for attending each Board Meeting.

The Board of Directors at their Meeting held on 14th August 2026 based on the recommendation of the Nomination and Remuneration Committee at its meeting held prior to the Board Meeting on the same day considered and approved the proposal to pay remuneration to Non-Executive Directors of the Company for the FY 2025-26. In respect of remuneration payable to Nominee Directors of Tamil Nadu Industrial Development Corporation Limited (TIDCO), the payment will be made to TIDCO. The proposed payment to Non-Executive Directors is well within the limits of remuneration as prescribed under Companies Act, 2013. The Board recommends the Special Resolution in relation to the payment of remuneration to Non-Executive Directors (including IDs) of the Company for the FY 2025-26 for approval by the Members of the Company as set out in Item No. 8 of the Notice.

Memorandum of Interest:

Except the Non-Executive Directors (including Independent Directors) and their relatives, none of the directors or Key Managerial Personnel of the Company and/or their relatives are interested in this Resolution.

ITEM No. 9 & 10:

Mr. K R Anandan aged 62 years is a qualified Chartered Accountant, Cost Accountant and Company Secretary having more than 33 years' experience in varied sectors including manufacturing, thermal energy, windmills, sugar and distilleries, fertilizers and petrochemicals. Transfer to Reserves

In accordance with Sections 123 and 134(3)(j) of the Companies Act, 2013, no transfers were made to the General Reserves for the year under review.

Dividend

The Board, in alignment with the Dividend Distribution Policy and Financial Results, recommended a dividend of Rs. 2 per equity share (20% of face value of Rs. 10) aggregating to Rs. 40.73 Crore for FY 2025-26 to the Members for their approval at the ensuing 55th Annual General Meeting (AGM) to be held on Monday, the 28th September 2026 and subject to applicable tax deductions. Payment would be made to eligible shareholders as of the Record Date, fixed by the Board of Directors of your Company.

Operational Overview

Urea Production

During FY 2025-26, your Company achieved a total production of 721,169 MT of neem-coated urea, surpassing the Reassessed Production Capacity (RAC) of 620,400 MT by 100,769 MT. The Plant operations remained largely stable and efficient throughout the year under review.

The Ammonia Plant recorded an output of 408,358 MT during the year, underscoring its vital contribution to the Company's urea manufacturing operations.

About 30% of the total power requirement is met through Solar power generated from floating solar power plant in the water storage reservoirs. In addition, the Company entered into Agreement with M/s Green Infra Renewable Energy Generation Private Limited, M/s Green Infra Renewable Energy Projects Limited and M/s Green Infra Wind Energy Generation Limited (collectively referred to as "SEMBCORP" group) by investing in their equity shares to qualify as captive power user under the Electricity Rules, 2005.

During the year under review, SEMBCORP Group started supplying the renewable power under our Group Captive Power scheme and with that, renewable power share has got increased to 39%.

Your Company is executing Urea modernisation project to improve the reliability and increase throughput. The project also has an additional facility for wastewater treatment to recover the valuable raw materials like Ammonia and Carbondioxide along with recycling of water. All engineering activities pertaining to the project have been completed, and all major equipment's have been received and installed. Piping and other activities are in advanced stage of completion and pre commissioning activities have commenced. Subject to completion of requisite activities, the project is expected to be commissioned during FY 2026-27 subject to obtaining necessary permission/clearances from Statutory Authorities.

Gas Supply Infrastructure

The infrastructure for both the Ramnad-Tuticorin Domestic Gas Pipeline and the Ennore-Tuticorin Regasified Liquefied Natural Gas (RLNG) Pipeline remains operational and has functioned safely and reliably throughout the year. Accordingly, the procurement of natural gas continued without any significant disruption through the following sources:

- **Domestic Gas:** Procured from the Ramnad Oil & Natural Gas Corporation fields
- **Imported Gas:** Sourced from the IOCL LNG Terminal located in Ennore, Chennai

Public Deposits

In compliance with Chapter V of the Companies Act, 2013, the Company did not accept any public deposits during FY 2025-26, and therefore no disclosures are required under this provision.

Debentures

In September 2023, your Company raised Rs. 50 Crore through a private placement of 5,000 Unlisted, Rated,

Senior, Secured, Redeemable, Non-convertible Debentures of Rs. 1,00,000 each, issued to Vivriti Emerging Corporate Bond Fund and Vivriti Alpha Debt Fund - Enhanced. In line with the agreed terms, the Company has complied with the financial obligation and has redeemed/repaid the entire debentures during the year. Necessary filings evidencing redemption of debentures have been filed with the statutory authorities.

Consolidated Financial Statements

Your Company's Consolidated Financial Statements for the Financial Year ended 31st March, 2026 have been prepared in compliance with Indian Accounting Standards (Ind AS) and forms part of the Annual Report.

Financial Statements of Associates and Joint Ventures

As per Section 129(3) of the Companies Act, 2013, read with Rule 5 of the Companies (Accounts) Rules, 2014, a statement presenting key financial highlights of the Company's Associate and Joint Venture entities, in Form AOC-1, is appended to the Financial Statements. Your Company does not have any Subsidiary entities.

Tamilnadu Petroproducts Limited (TPL)

TPL's revenue from operations for the FY 2025-26 stood at Rs. 1466.14 Crore as compared to Rs. 1826.78 Crore in the previous year, representing a decline of 19.74%. The decrease in revenue was primarily attributable to reduced production due to planned shutdown for completion of expansion activities of Linear Alkyl Benzene and Caustic Soda plants, during Q4 of FY 2025-26.

Despite the decline in revenue, TPL demonstrated operational resilience and maintained a strong focus on cost optimization, efficiency improvements, product mix enhancement, and prudent financial management. As a result, the Company reported a net profit of Rs. 88.76 Crore for the year under review, compared to Rs. 51.43 Crore in the previous year, registering a significant growth of 72.58%.

The Board of TPL has recommended a dividend of Rs. 1.50 per equity share of Rs. 10 each fully paid-up for the FY 2025-26, subject to the approval of Members at the ensuing AGM in September 2026.

Tuticorin Alkali Chemicals and Fertilizers Limited (TFL)

Tuticorin Alkali Chemicals and Fertilizers Limited (TFL) recorded a strong performance during FY 2025-26, achieving revenue of Rs. 343 Crore, Profit Before Tax of Rs. 53 Crore and EBITDA of Rs. 68 Crore. Production levels reached new milestones, with Soda Ash production of 70,450 MT, the highest achieved since Financial Year 2011-12, along with 60,740 MT of Ammonium Chloride (ACL) and 16,338 MT of captive salt production.

The year also marked significant progress in sustainability initiatives. TFL achieved 100% biomass utilization and

increased the share of green power consumption from 28% to 58%. These efforts, coupled with effective biogenic CO₂ capture and reduced Scope 1 and Scope 2 emissions, enabled TFL to achieve near-zero net carbon emissions. TFL continued to strengthen its operational capabilities through the implementation of digital monitoring and safety systems.

In recognition of its commitment to sustainable and environmentally responsible operations, TFL received the "Best Green Process Award" from Federation of Indian Chambers of Commerce & Industry in January 2026 and was also awarded by Tuticorin Corporation for its environmental initiative towards the eradication of Juliflora. The ISO certification for Quality Management system and Environment Management System have been updated this year and is migrating towards ISO45001.

Greenam Energy Private Limited ("Greenam")

During the FY 2025-26, 22.0 MW AC Floating Solar Power Plant was operated seamlessly by Greenam.

Greenam reported a net profit of Rs. 1.63 Crore and revenues of Rs. 17.89 Crore for the FY 2025-26. EBITDA reached Rs. 15.79 Crore, representing approximately 88.26% of total revenue. Energy output totalled 35.80 million units. Greenam continued to supply renewable power to its captive users and SPIC is one among them.

Changes in Joint Ventures, Associates & Subsidiaries

During FY 2025-26, there were no additions to or removals from the Company's list of Joint Ventures or Associate entities. The Company does not have any Subsidiaries.

Safety, Health and Environment (SHE)

DNV successfully completed the Re-certification Audit of the Company's Management Systems, including QMS (ISO 9001:2015), EMS (ISO 14001:2015), and OHS (Occupational Health & Safety) (ISO 45001:2018).

To strengthen workplace safety, your Company implemented a structured annual safety plan covering safety inspections, audits, work permit compliance, incident investigations, safety training, equipment certification, condition monitoring of critical assets, fire and safety system maintenance, workplace hazard monitoring, and periodic safety walkarounds. Internal and external audits were conducted regularly to assess compliance and drive continual improvement.

No complaints relating to health, safety, or working conditions were reported during the year. Health and safety practices and working conditions were independently assessed through external safety audits, ISO surveillance audits, and inspections by statutory authorities. All identified observations were addressed through timely corrective and preventive actions in accordance with the requirements of ISO 45001:2018.

Your Company's strong safety culture, proactive risk management practices, and continuous focus on employee well-being contributed to maintaining a safe and healthy work environment throughout the year.

Periodic medical examinations for employees were also reviewed and found to meet requisite standards. Your Company maintained its commitment to environmental stewardship through the planting of approximately 726 tree saplings.

Permission to commence modernization of the Urea plant has been granted by TNPCB till January 2027, targeting a capacity of 912,500 MTPA of neem-coated urea, alongside sustainable technologies such as CO₂ capture, utilization and a Zero Liquid Discharge system.

As at the end of the reporting period, your Company had achieved an impressive safety record without any lost-time due to accidents, representing 4.09 million man-hours of safe operation. The Health, Safety & Environment (HSE) policy has been updated to reflect ongoing modernization efforts.

Human Resources and Industrial Relations

Your Company continues its steadfast commitment to fostering a supportive, inclusive, and growth-oriented work environment. During the year, the people agenda has continued to evolve with renewed strategic focus, further

strengthening existing HR practices while staying deeply anchored to the values and cultural ethos of the organization. A wide spectrum of training programs, upskilling initiatives, and career development opportunities continues to be deployed to ensure employees are equipped with capabilities aligned to the Company's long-term strategic vision. This people-first philosophy remains central to empowering individuals and driving sustainable organizational success.

Industrial relations during the year under review remained stable and constructive, underpinned by mutual respect, transparency, and open communication between management and employees. Your Company continues to nurture a culture of engagement and inclusivity, reinforcing a positive and cohesive workplace environment across all levels.

As of 31st March 2026, the total number of employees on the rolls of your Company stood at 647. The campus recruitment program remains a key pillar of the Company's talent strategy, enabling the identification and development of high-potential individuals who will contribute to the organization's future leadership pipeline.

In line with its commitment to employee well-being, your Company remains fully committed to upholding its Maternity Policy in strict compliance with applicable laws, including the Maternity Benefit Act, 1961.

Management Discussion and Analysis – Industry Overview

Based on the 2025 monsoon report, the country saw an "above-normal" season, finishing at 108% of the Long Period Average (LPA), with significant disparities as East

and Northeast India experienced below-normal rainfall, while Northwest, Central, and South Peninsula regions received above-normal rain. This favourable, albeit uneven, monsoon led to a robust 1,773.80 lakh hectare total cropped area, with a 6% increase in Kharif sowing and a 3% rise in Rabi sowing. Correspondingly, urea consumption rose 2% year-on-year, totalling 39.64 MMT, up from 38.77 MMT in the previous fiscal.

Services Extended to Farmers

Your Company continued empowering farmers through improved cultivation practices, soil health, and integrated nutrient/pest management, ensuring lower residual deposits on crops and soil.

Initiatives Undertaken:

1. **Direct Benefit Transfer (DBT) in Fertilizers: As the Lead Fertilizer Supplier (LFS) for Tamil Nadu, Puducherry and Andaman & Nicobar Islands, the Company drove the successful implementation of Direct Benefit Transfer (DBT) by ensuring high usage of ePOS devices at retail outlets.**
 - Educating farmers on the DBT process through dedicated campaigns.
 - Conducting capacity-building workshops for retailers in collaboration with the Agricultural Department and NIC.
2. **Pradhan Mantri Kisan Samridhi Kendra (PMKSK): Through 2,566 PMKSK centres across Tamil Nadu, Puducherry, Kerala, Karnataka, Andhra Pradesh, Telangana and Maharashtra, the Company provided:**
 - Soil and irrigation water testing facilities
 - Training on soil-based nutrient management and integrated pest control
 - Information on welfare schemes of the Government of India and respective State Governments.
3. **Soil Testing Lab Services: Comprehensive soil testing services across Tamil Nadu, Karnataka, Kerala and Andhra Pradesh, using both static and mobile labs the company promoted:**
 - Agronomic practices based on soil health reports
 - Emphasis on organic inputs to preserve soil fertility and enhanced crop yield.
4. **Farmer Training Programs: Conducted in-house sessions at the Tuticorin Training Centre alongside outreach programs across Tamil Nadu, focused on:**
 - Upskilling progressive farmers
 - Demonstrating sustainable farming techniques.
5. **Model Integrated Agriculture Farm: A fully functional integrated demonstration farm at Tuticorin showcases:**

- High-value crops
- Medicinal plants
- Mushroom cultivation
- Livestock management

This initiative illustrates the benefits of integrated farming for maximizing agricultural returns.

6. **Pannai Cheythi Malar - Bimonthly Tamil Magazine:** Features relevant articles on sustainable farming, new agricultural technologies and farmer success stories across the state. It serves as a valuable knowledge-sharing platform to improve farm productivity.

Outlook for FY 2026-27

Monsoon & Urea Demand Forecast

The 2026 Southwest Monsoon is projected to be below normal, with rainfall at 92% of the Long Period Average (LPA) between June and September. This sub-par forecast suggests delayed Kharif sowing and an initial slump in fertilizer demand.

Based on early 2026 reports and projections, India's urea market in 2026 is experiencing high demand and significant domestic production but remains heavily dependent on imports to bridge a supply-demand gap, partly due to disruptions in natural gas supply. Assessed urea demand for FY27 is estimated at around 41 million tonnes (Mt).

Nano Urea - Adoption & Research

As urea constitutes approximately 82% of nitrogenous fertilizer consumption in India, the Government is encouraging fertilizer producers to transition towards Nano Urea. Accordingly, National Fertilizers Limited (NFL) and Rashtriya Chemicals and Fertilizers Limited (RCF) have entered NDAs and MoUs with IFFCO to adopt Nano Urea manufacturing technologies.

Your Company has partnered with Tamil Nadu Agricultural University to conduct field trials comparing the efficacy and phytotoxicity of Nano Urea versus SPIC Prilled Urea, specifically in paddy cultivation. These studies will also evaluate economic viability and inform strategies for deploying Nano Technology in nutrient delivery systems.

All-India Urea Production, Imports, Supplies and Sales

A comparative analysis of urea production, imports, distribution and sales across India for the current and previous financial year reflects the evolving dynamics in fertilizer demand and supply. The data underscores industry efforts to improve self-reliance through increased domestic production and better inventory management.

Tissue Culture Business

Your Company continues to expand its tissue culture operations in Coimbatore by cultivating and supplying seven premier banana sapling varieties to farmers in Tamil Nadu, Karnataka and Andhra Pradesh using advanced plant tissue culture techniques.

Highlights include:

- Modernized tissue culture operations for enhanced efficiency and higher profits
- Accreditation from the Department of Biotechnology with NCS-TCP certification
- Ongoing research into cost-effective propagation protocols for high-value crops, including medicinal and ornamental plant species.

Key Financial Ratios – Year-on-Year Comparison

Significant changes (25% or more) in key financial ratios for FY 2025-26 as compared to the previous year are outlined below:

Operational Challenges – Sale of Urea Outside ePOS Potential Risks:

- Delays in concession bill submissions
- Possibility of stock diversion for non-agricultural usage
- Elevated closing balances in ePOS systems that restrict market supply

Mitigation Measures:

- Deployment of field-level personnel to monitor product movement up to retail counters
- Implemented a comprehensive GPS vehicle location system to track primary transportation from the factory in real-time.
- Initiated a GSM/SIM-based monitoring system for trucks to track stock movement across the distribution network - institutions, distributors & dealers using driver mobile network data.
- Adoption of the SUBSIDEX software platform to enable stock correction, streamline supply flow, and drive timely liquidation through promotional initiatives
- Removal of habitual defaulters from the Company's dealership network

These measures have significantly optimized the subsidy cycle and ensured more accurate market forecasting.

Essential Indicators

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

	FY 2025-26 (Current Financial Year)	FY 2024-25 (Previous Financial Year)	Details of improvements in environmental and social impacts
R&D	NA	NA	NA
Capex	8.1%	7.7%	Refer Note Below

The improvements made in the Ammonia plant includes: -

- Switching fuel from mixed feed to complete Natural gas eliminated naphtha-based vaporizers and naphtha refining section. This led to 19000 Tons of equivalent CO2 reduction.
- Natural Gas has been lined up as fuel in stand by boilers as well. This modification completely stopped usage of furnace oil.
- Treated effluent is reused in other entities nearby the plant and for gardening purpose extensively.
- Establishment of New Liquid Nitrogen system led to stoppage of inert gas plant using cracked ammonia which results in Energy savings of about 315 kWh

Benefits of Natural Gas conversion:

- Switched to 100% natural gas from naphtha and fuel oil as fuel and feed. Natural gas is a cleaner fuel led to SO2 & NOx emission reduction.

Sustainable initiatives:

- About 30% of the total power requirement is met through Solar power generated from floating solar power plant in the water storage reservoirs.
- In addition, the Company also sources renewable power under Captive Consumer Scheme.
- Conventional Bulbs were replaced with LED bulbs across factory premises as part of energy reduction.

Green belt development:

- During the year 2025 -26, over 700 tree saplings were planted in the event of World Water day, World Environment day, World ozone day and other occasions.
 - Plastic waste management - As part of its Extended Producer Responsibility (EPR) obligations under the Plastic Waste Management Rules, the Company has registered with the Central Pollution Control Board and complied with the EPR Target quantity for the year 2025-26.
2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No). If yes, what percentage of inputs were sourced sustainably?

Yes. 100% from ONGC and IOC for continuous supply of natural gas.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

The unit has valid Hazardous Waste Authorization obtained from TNPCB and unit is stringently following the management of hazardous wastes as per Hazardous Waste Management Rules. The spent catalysts have been properly disposed to Re-sustainability Industrial Waste management system and M/s. Rajkob industries. Used oils are disposed to authorized recycler approved by Tamilnadu Pollution Control Board.

E waste and battery generated during the manufacturing of fertilizer is collected and handled separately. Generated E waste is sent to PCB authorized recyclers.

As a Brand Owner, the company recycles Pre and Post Consumer Plastic Waste generated during the business process, as per the guidelines stipulated by Central Pollution Control Board (CPCB) the Company has engaged a Plastic Waste Processor authorized by CPCB to carry out the recycling/end of life process.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.
- Company's focus is on achieving sustainability by improving the production processes through introduction of new technologies for cleaner environment.
 - Have detailed standard operating procedure for management and Handling of waste as per the requirement of ISO:14001:2015 standards as described below:
 - Procedure for Hazardous waste and E waste
 - Hazardous Wastes were sent to TNPCB authorized recyclers or Industrial waste management authority - disposal site through stores and records to be maintained as per the procedure
 - E-Waste from the plant were sent to authorized recyclers through stores and records to be maintained as per the procedure.
 - Battery wastes were sent to the authorized dealers through stores and records to be maintained.
 - Plastic wastes were sent to authorized recyclers and records to be maintained.
 - Bio medical wastes were sent to the authorized agency for disposal as per the procedure.
 - Procedure for management and Handling of other wastes.
 - Canteen wastes were disposed by bio composting in nursery.

- Metal Scraps were returned to stores through Scrap Return Note and record to be maintained.
- Waste which shall be disposed as scrap for sale, was sent only to stores.
- Waste or used chemicals from laboratory were sent to IETP plant for disposal after neutralization.
- Empty chemical bottles and other glass items used in laboratory were sent to stores for safe disposal
- Wastes other than the above was only disposed in the dust bins in the respective plants. Stores department identified the authorized party/scrap vendor for safe disposal of the other waste.

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

INDEPENDENT AUDITOR'S REPORT

To the Members of Southern Petrochemical Industries Corporation Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Southern Petrochemical Industries Corporation Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2026, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including material accounting policy information and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2026, and its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No	Key Audit Matter Description	How the Key Audit Matters was addressed in our audit
1	Recognition, measurement and valuation of Subsidy income and related receivables Refer to Note 2 (iv) 'Revenue Recognition' and Note 22 'Revenue from operations' to the standalone financial statements. The Company has recognised subsidy income of Rs. 2,565.70 crores for the year ended March 31, 2026. The Company recognises concession (subsidy) income receivable in accordance with the New Pricing Scheme for Urea from the Department of Fertilizers, Government of India.	Our audit procedures included, but were not limited to the following: 1. We understood the subsidy income recognition process, evaluated the design and implementation, and operating effectiveness of internal controls relating to subsidy income and related receivables. 2. We enquired with the relevant personnel in the Company, read and understood their interpretations of the relevant circulars and notifications issued by GOI from time to time with regard to the subsidy policies that impact subsidy income and related receivables. 3. We correlated the sales quantity considered for subsidy income with the actual sales made by the Company and customer acknowledgements as per the iFMS portal of the DOF.

Sr. No	Key Audit Matter Description	How the Key Audit Matters was addressed in our audit
	Recognition of subsidy income and assessment of its recoverability is subject to exercise of significant judgement and interpretation of relevant notifications by the management, which includes satisfaction of conditions specified in notifications, evaluation of recoverability of receivables etc., and has accordingly been considered as a key audit matter.	4. We reviewed the quantities and rates considered for the purpose of recognising freight subsidy. 5. We evaluated Management's assessment and reviewed underlying calculations regarding compliance with relevant conditions as specified in the notifications and policies. 6. We analysed and discussed the status of outstanding subsidy receivables and its realisability with the Management. 7. We traced credits to bank statements for the receipts during the year. 8. We Assessed the adequacy of presentation and related disclosures in the standalone financial statements are in line with the Indian accounting standards and Schedule III.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' report but does not include the standalone financial statements and our auditor's report thereon. The Directors' report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Directors' report and Management discussion & analysis, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Board of Directors for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors of the Company are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance

with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Standalone Financial Statements.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid standalone financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid standalone financial statements have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the standalone financial statements.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors as on March 31, 2026 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements - Refer Note 31 to the standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2026.
 - iv.
 - (i). The Management has represented that, to the best of its knowledge and belief, as disclosed in the Note 42 (a) to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (ii). The Management has represented that, to the best of its knowledge and belief, as disclosed in the Note 42 (b) to the standalone financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (iii). Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material mis-statement.
 - v. The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Companies Act 2013 to the extent it applies to payment of dividend.

The Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend. (Refer Note 46 to the Standalone financial statements)
 - vi. Based on our examination, which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail of prior year(s) has been preserved by the Company as per the statutory requirements for record retention.
3. In our opinion, according to information, explanations given to us, the remuneration paid by the Company to its directors is within the limits laid prescribed under Section 197 read with Schedule V of the Act.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SOUTHERN PETROCHEMICAL INDUSTRIES CORPORATION LIMITED**Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management and Board of Directors.
- Conclude on the appropriateness of Management and Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of current period and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SOUTHERN PETROCHEMICAL INDUSTRIES CORPORATION LIMITED FOR THE YEAR ENDED MARCH 31, 2026

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report]

- i. (a) A. The Company has maintained proper records showing full particulars including quantitative details and situation of property, plant and equipment, investment property and relevant details of right-of-use assets.
- i. (a) B. The Company has maintained proper records showing full particulars of intangible assets.
- i. (b) Property, Plant and Equipment, investment property and right of use assets were physically verified by the management according to a phased programme designed to cover all items over a period of 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of Property, plant and equipment, investment property and right of use assets have been physically verified by Management during the year. No material discrepancies were noticed on such verification.
- i. (c) According to the information and explanations given to us, the title deeds of immovable properties (other than properties where the Company is the lessee, and the lease agreements are duly executed in favour of the lessee) as disclosed in the standalone financial statements are held in the name of the Company. The title deeds of immovable properties aggregating to Rs. 29.59 Crores as at March 31, 2026, are pledged with the banks and original copies are not available with the Company. The same has been independently confirmed by the bank to us and verified by us.
- i. (d) According to the information and explanations given to us, the Company has not revalued its property, plant and Equipment (including Right of Use assets) and intangible assets during the year. Accordingly, the provisions stated under clause 3(i)(d) of the Order are not applicable to the Company.
- i. (e) According to the information and explanations given to us, no proceeding has been initiated or pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988, as amended and rules made thereunder. Accordingly, the provisions stated under clause 3(i)(e) of the Order are not applicable to the Company.
- ii. (a) The inventory has been physically verified during the year by the management. In our opinion, the frequency of verification, coverage and procedure of such verification is reasonable and appropriate, having regard to the size of the Company and the nature of its operations. The discrepancies noticed on physical verification of inventory as compared to book records were not 10% or more in aggregate for each class of inventory.
- ii. (b) During any point of time of the year, the Company has been sanctioned working capital limits in excess of Rs. 5 crores in aggregate from Banks and/ financial institutions on the basis of security of current assets. Based on the records examined by us in the normal course of audit of the standalone financial statements, quarterly returns / statements filed with such Banks/ financial institutions are in agreement with the books of accounts of the Company. Refer note 16 to the standalone financial statements.
- iii. (a) According to the information and explanations provided to us, the Company has not provided loans, advances in the nature of loans, stood guarantee or provided securities to Joint ventures, Associates and any other entities. During the year the Company has provided advances to parties other than Joint ventures and Associates.

The details of such advance to parties other than Joint ventures and Associates are as follows:

	Advances (Rs. in Crores)
Aggregate amount granted/provided during the year	
- Others	1.24
Balance Outstanding as at balance sheet date in respect of above cases

ANNEXURE C TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SOUTHERN PETROCHEMICAL INDUSTRIES CORPORATION LIMITED

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the Members of Southern Petrochemical Industries Corporation Limited on the Standalone Financial Statements for the year ended March 31, 2026]

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls with reference to standalone financial statements of Southern Petrochemical Industries Corporation Limited as of March 31, 2026 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2026, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI').

Management's and Board of Director's Responsibility for Internal Financial Controls

The Company's Management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls With reference to Standalone Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide

reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With reference to Standalone financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**NOTES FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2026**

Note 1 GENERAL INFORMATION

Southern Petrochemical Industries Corporation Limited ('the Company'/'SPIC'), having its registered office at Chennai is a Public Limited Company, incorporated under the provisions of the Companies Act, 1956. Its shares are listed on National Stock Exchange of India. The Company is manufacturing and selling Urea, a Nitrogenous chemical fertilizer and has its manufacturing facility at Tuticorin.

Note 2 MATERIAL ACCOUNTING POLICIES

i) Basis of preparation of financial statements

a. Statement of Compliance with IND AS

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Accounting policies have been consistently applied to all the years presented except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

b. Basis of measurement

The financial statements have been prepared on a historical cost convention on accrual basis, except for the below material item that have been measured at fair value as required by relevant Ind AS:-

Certain financial assets and liabilities measured at fair value (refer accounting policy on financial instruments).

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of sales and the time between the sale and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and noncurrent classification of assets and liabilities.

c. Use of Estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected. Refer Note 3 for detailed discussion on estimates and judgments.

ii) Property, Plant and Equipment

Property, plant and equipment are stated at cost less depreciation and impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the year in which they are incurred.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'. Items of stores and spares that meet the definition of PPE are capitalized at cost. Otherwise, such items are classified as inventories.

Depreciation methods, estimated useful lives.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on tangible assets is recognized so as to write off the cost of assets (other than freehold land and capital work in progress) less their residual values over the useful lives, using the straight line method. The company has followed

the useful life as prescribed in Schedule II of the Companies Act 2013, except in respect of the assets pertaining to Tuticorin manufacturing plant in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support.

Asset	Useful Life
Building – Factory	25-65 years
Building – Others	45-75 years
Plant and Machinery	15-49 years
Furniture and Fixtures	12-33 years
Vehicles	8-26 years
Office Equipments	7-38 years
Roads	34-44 years
Railway sidings	40 years

Depreciation on addition to property plant and equipment is provided on pro-rata basis from the date of acquisition. Depreciation on sale/deduction from property plant and equipment is provided up to the date preceding the date of sale, deduction as the case may be. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss under 'Other Income'.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

iii) Fair value measurements

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the Company.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. The Company's management determines the policies and procedures for fair value measurement such as derivative instrument.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

iv) Revenue Recognition

The Company earns revenue primarily from sale of Urea.

Revenue is recognized upon transfer of control of promised products to customers in an amount that reflects the consideration which the company expects to receive in exchange for those products.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions and incentives, if any, as per the contract with the customer. Revenue also excludes taxes collected from customers.

Under the New Pricing Scheme for Urea, the Government of India reimburses, in the form of subsidy, to the Fertilizer Industry based on the Retention Price computed on the cost of Natural Gas (NG) and Regasified Liquefied Natural Gas (RLNG) price. This has been accounted on the basis of the rates notified from time to time by the Government of India on the quantity of Urea sold by the company for the period for which notification has been issued.

The revenue has been further adjusted for input price escalation / de-escalation as estimated by the Management in accordance with the known policy parameters in this regard.

v) Taxes

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year.

a. Current Income tax

Current tax assets and liabilities are measured at the amount expected to be recovered or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the year end date. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b. Deferred tax

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

The carrying amount of the deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Minimum Alternate Tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognize MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement" and grouped under Deferred Tax. The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

vi) Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

Raw materials, packaging materials and stores and spare parts are valued at lower of cost and net realizable value. Cost includes purchase price, (excluding those subsequently recoverable by the enterprise from the concerned revenue authorities), freight inwards and other expenditure incurred in bringing such inventories to their present location and condition. In determining the cost, weighted average cost method is used.

Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale.

vii) Impairment of non-financial assets

The Company assesses at each year end whether there is any objective evidence that a non financial asset or a group of non financial assets is impaired. If any such indication exists, the Company estimates the asset's recoverable amount and the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in Statement of Profit and Loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through Statement of Profit and Loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

viii) Provisions and Contingent liabilities

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

ix) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a. Financial Assets

Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortized cost; or
- b) at fair value through other comprehensive income; or
- c) at fair value through profit or loss.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in finance income using the Effective Interest Rate method (EIR).

Fair Value through Other Comprehensive Income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and

foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair Value Through Profit or Loss (FVTPL): Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

Equity instruments: All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument- by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

The company has equity instruments in 9 (nine) entities which are not held for trading. The company has elected the FVTOCI irrevocable option for these investments. Fair value is determined in the manner described in Note 6.

Impairment of financial assets

In accordance with Ind AS 109, Financial Instruments, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on financial assets that are measured at amortized cost and FVTOCI.

For recognition of impairment loss on financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent years, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12 month ECL

Life time ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the year end.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

In general, it is presumed that credit risk has significantly increased since initial recognition if the payment is more than 30 days past due.

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/expense in the statement of profit and loss. In balance sheet ECL for financial assets measured at amortized cost is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

Derecognition of financial assets

A financial asset is derecognized only when

- a) the rights to receive cash flows from the financial asset is transferred or
- b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the financial asset is transferred then in that case financial asset is derecognized only if substantially all risks and rewards of ownership of the financial asset is transferred. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

b. Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss and at amortized cost, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

c. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

x) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

xi) Subsidy from Government

Subsidies from the government are recognized when there is reasonable assurance that the subsidy will be received and all attaching conditions will be complied with. When the subsidy relates to an expenses item, it is recognized as income over the periods necessary to match them on a systematic basis to the costs, which it is intended to compensate. Where the subsidy relates to an asset, it is recognized as income in equal amounts over the expected useful life of the related asset.

xii) Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand and short-term deposits net of bank overdraft with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, cash in banks and short-term deposits.

xiii) Employee Benefits

a. Short-term obligations

Liabilities for salaries and wages, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognized in respect of employees' services up to the end of the year and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

b. Other long-term employee benefit obligations

Defined Contribution plan

Contributions paid/payable to defined contribution plans comprising of Superannuation (under a scheme of Life Insurance Corporation of India) and Provident Funds for certain employees covered under the respective Schemes are recognised in the Statement of Profit and Loss each year.

The company's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs

Defined benefit plans

Gratuity: The Company's Gratuity scheme for its employees is a defined benefit retirement benefit plan. Obligation under the gratuity scheme is covered under a Scheme of Life Insurance Corporation of India (LIC) and contributions in respect of such scheme are recognized in the profit or loss. The liability as at the Balance Sheet date is provided for using the projected unit credit method, with actuarial valuations being carried out as at the end of the year. Defined benefit costs are categorized as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- Re-measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs. Net interest is calculated by applying the discount rate at the beginning of the year to the net defined benefit liability or asset.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss.

Compensated Absences: Accumulated compensated absences, which are expected to be availed or en-cashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or en-cashed beyond 12 months from the end of the year are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the statement of profit and loss in the year in which they arise.

Leaves under defined benefit plans can be en-cashed partly while in service and on discontinuation of service by employee

xiv) Earnings Per Share

Basic earnings per share is calculated by dividing the total comprehensive income / (loss) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered

in ascertaining the Company's earnings per share is total comprehensive income / (loss) for the year. The weighted average number of equity shares outstanding during the year and for all the years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the total comprehensive income / (loss) for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

xv) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates (i.e. the "functional currency"). The financial statements are presented in Indian Rupee (₹), the national currency of India, which is the functional currency of the Company.

xvi) Rounding off amounts

All amounts disclosed in financial statements and notes have been rounded off to the nearest thousands as per requirement of Schedule III of the Act, unless otherwise stated.

Amendments to IND AS effective from April 1, 2025

The Ministry of corporate Affairs ("MCA") notified amendments on 7 May 2025 and 13 August 2025 under the Companies (Indian Accounting Standards) Amendment Rules, 2025 and the Companies (Indian Accounting Standards) Second Amendment Rules, 2025, respectively, which is effective from annual reporting periods beginning on or after 1 April 2025.

(a) Amendment to Ind AS 1 - Classification of liabilities as current or non-current and non-current liabilities with covenants:

The amendment specifies the requirements for classifying liabilities as current or non-current in the balance sheet, and clarifies the following:

- I) An entity's right to defer settlement of a liability for at least twelve months after the reporting period must have substance and must exist at the end of the reporting period. The classification of liability as current or non-current is unaffected by the likelihood that the entity will exercise its right to defer settlement.
- II) If an entity's right to defer settlement of a liability is subject to covenants, such covenants affect whether that right exists at the end of the reporting period only if the entity is required to comply with the covenant on or before the end of the reporting period.
- III) In case of a liability that can be settled, at the option of the counterparty, by the transfer of the entity's own equity instruments, such settlement terms do not affect the classification of the liability as current or non-current only if the option is classified as an equity instrument.

These amendments have no effect on the measurement of any items in the financial statements of the company. The company did not make retrospective adjustments as a result of adopting the amendments to Ind AS 1.

(b) Amendment to Ind AS 21-Lack of exchangeability:

The Amendments introduces requirement to assess when a currency is exchangeable into another currency and when it is not. The amendment requires an entity to estimate the spot exchange rate when it concludes that a currency is not exchangeable into another currency. These amendments had no effect on the financial statements of the company.

The below amendments are notified but not yet effective

Amendment to Ind AS 1 'Presentation of Financial Statements'- Classification of Liabilities as current or non-current and non-current liabilities with covenants:

The amendment includes specific provisions that will take effect for reporting periods beginning on or after 1 April 2026, retrospectively, as outlined below:

- a) Breach of material covenant for long-term loan arrangement on or before end of reporting period with effect that liability becomes payable on demand as on reporting date, then it shall be classified as current liability, if lender agreed after reporting period and before approval of financial statements to not demand payment as a consequence of breach.
- b) Classify as non-current liability, if lender agreed by end of reporting period to provide grace period ending at least 12 months after reporting period within which entity can rectify the breach provided lender does not demand immediate repayment.

- c) Disclose information about the timing of settlement to understand the impact of the liability on the financial statements.

The company does not expect this amendment to have an impact on its operations or financial statements.

Note 3 Significant accounting judgments, estimates and assumptions

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future years.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the yearend date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

a. Taxes

Deferred tax assets are recognized for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The Company neither have any taxable temporary difference nor any tax planning opportunities available that could partly support the recognition of these losses as deferred tax assets. On this basis, the Company has determined that it cannot recognize deferred tax assets on the tax losses carried forward except for the unabsorbed depreciation.

b. Useful lives of Property, Plant and Equipment

The Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period.

c. Revenue Recognition

The Company provides customer incentives, such as rebates, based on quantity purchased, timing of collections etc. Various estimates are made to recognise the impact of rebates and other incentives on revenue. These estimates are made based on historical and forecasted data, contractual terms and current conditions.

d. Subsidy Income

Subsidy income is recognised on the basis of the rates notified from time to time by the Government of India in accordance with the New Pricing Scheme for Urea on the quantity of Urea sold by the Company for the period for which notification has been issued and for the remaining period, based on estimates.

e. Defined benefit plans (gratuity benefits and compensated absences)

The cost of the defined benefit plans such as gratuity and compensated absences are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at the end of each year.

The principal assumptions are the discount and salary growth rate. The discount rate is based upon the market yields available on government bonds at the accounting date with a term that matches that of liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis.

- (ii) The Company has become a gas-based Urea manufacturing unit since 13th March 2021 and is therefore eligible for higher fiscal incentives in the form of subsidy income due to higher energy norms from the above said date for the next five-year period, which is expired on 13th March 2026. The Company has been included in the Gas Pool with effect from 1st May 2024 considering the Company has fully moved to Gas based manufacturing.
- (iii) Subsidy for the period 1 April 2025 to 31 March 2026 of Rs. 2,426.91 Crores has been accounted based on the provisional Retention Price (RP) computed in line with the Government's policy indicated in the notification dated 17 June 2015, as the final retention price has not been announced by the Department of Fertilizers. The necessary adjustments, if any, will be made when the final retention price is notified by the Department of Fertilizers.

Note 30B Capital Commitments

Estimated amounts of contracts remaining to be executed on capital account and not provided for (net of advances) Rs. 238.23 Crores (Previous year Rs.296.78 Crores).

Note 31 Contingent Liabilities

- (a) Claims not acknowledged as debts:
 - (i) The District Collector, Tuticorin vide his letter dated, 21 August 2009 had demanded Rs. 168.74 Crore (Previous year Rs.168.74 Crore) towards lease rent for the utilization of 415.19 acres of sand quarry poramboke lands by the Company for its effluent treatment and storage of Gypsum for the period from 1975 to 2008. While raising this demand, the District Collector had ignored the proposal submitted by the Company during 1975 to the State Government seeking assignment of the said land which is still pending. The Company filed a writ petition challenging the demand before the Hon'ble Madras High Court and the court granted interim stay vide its order dated 21 April 2010 on further proceedings. During November 2010 the District Collector, Tuticorin filed a counter before Hon'ble Madras High Court praying for the vacation of interim stay. In November 2023, Single bench at Madras High Court had directed the Company vide their order dated 29 November 2023, to pay Rs.168.74 Crores as lease rent to the Tamil Nadu government within 2 weeks from the date of the order. The Division bench has in its interim order stayed the demand raised by the Single judge till next date on the condition that Company pays Rs 50 crores, which the Company has paid during December 2023.
 - (ii) Tamil Nadu Water Supply and Drainage Board (TWAD) has claimed payments for the period during which the Nitrogenous plants were not in operation, based on 50% allotted quantity of water. The Company along with other beneficiaries has been enjoying this facility since inception of the 20 MGD Scheme for the last 50 years. Water Charges were paid to TWAD based on actual receipt by individual industries. The claims include interest made by TWAD for Rs. 60.83 Crore (Previous year Rs. 57.37 Crore) is not acknowledged as debt, as this differential value from April 2009 to March 2026 is not supported by any Government Order and the other beneficiaries are objecting to such claims of TWAD. We are regularly following up with TWAD authorities for waiver of the demand. It is expected to complete shortly.
- (b) No provision has been considered necessary by the Management for the following disputed Excise duty, Service tax, Goods and Services tax demands which are under various stages of appeal proceedings. The Company has been advised that there are reasonable chances of successful outcome of the appeals and hence no provision is considered necessary for these demands.

On November 21, 2025, the Government of India notified four Labour Codes; the Code on Wages, 2019; the Industrial Relations Code, 2020; the Code on Social Security, 2020; and the Occupational Safety, Health and Working Conditions Code, 2020; consolidating 29 existing labour legislations. The Ministry of Labour and Employment subsequently released Central Rules and FAQs to facilitate evaluation of the financial implications arising from these notifications. The Institute of Chartered Accountants of India issued Guidance on treatment of expenses that arise out of these notifications. Based on the Company's assessment, the impact of the notification is not material and has been appropriately accounted for in the year ended March 31, 2026. The Company will continue to monitor the finalization of State Rules and government clarifications to recognize any financial impact as appropriate.

36.1 Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity shareholders. The primary objective of the Company's capital management is to ensure that it maintains a strong credit rating and capital ratios in order to support its business and maximise shareholder value.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital. The Company includes within net debt, all non-current and current borrowings reduced by cash and cash equivalents.

The following table summarises the capital of the Company:

(₹ in Crores)

Particulars	As At 31 March 2026	As At 31 March 2025
a) Equity	1,190.76	1,048.83
b) Borrowings	697.79	721.74
c) Less: Cash and Cash equivalents and other bank balances	(98.81)	(48.97)
d) Less: Liquid Investments	(26.57)	(30.59)
e) Total debt(b+c+d)	572.41	642.18
f) Overall financing(a+e)	1,763.17	1,691.01
g) Net debt to capital ratio (e/f)	0.32	0.38
h) Interest coverage ratio	11.08	4.68

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current year. No changes were made in the objectives, policies or processes for managing capital during the year ended 31 March 2026 and 31 March 2025.

36.3 Financial Risk and Management Objectives

The Company's activities expose it to a variety of financial risks, credit risks, liquidity risks and market risks.

The Company's board of directors has overall responsibility for the establishment and oversight of the risk management framework.

The risk management policies are established to identify and analyse the risks faced by the company, to set appropriate risk limits and controls and to monitor risks and adhere to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and company's activities. The company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

1. Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Trade receivables and subsidy receivable

The Company receivables can be classified into two categories, one is from the customers into the market and second one is from the Government in the form of subsidy. As far as Government portion of receivables are concerned, credit risk is nil. For market receivables from the customers, the Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Company monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets. The Company has also taken security deposits from its customers, which mitigate the credit risk to some extent.

The credit risk on cash and bank balances is limited because the counterparties are banks with high credit ratings assigned by international credit rating agencies.

2. Liquidity Risks

Liquidity risk is the risk that the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation.

3. Market Risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and Interest rates will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimising the returns.

4. Foreign Currency Risks

The company is exposed to currency risk to the extent that there is a mismatch between the currencies in which transactions are denominated and the functional currency of the company. The functional currency of the company is Indian Rupees (INR). The currency in which these transactions are primarily denominated is US Dollars (USD).

- a. The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities based on gross exposure at the end of the reporting period is as under:

(In Million USD)

Particulars of Liabilities	As at 31 March 2026	As at 31 March 2025
Trade Payables		
Amount due on account of goods supplied	0.00	0.03

(In Crores INR)

Particulars of Liabilities	As at 31 March 2026	As at 31 March 2025
Trade Payables		
Amount due on account of goods supplied	0.19	0.29

b. Foreign currency sensitivity analysis

The Company is mainly exposed to fluctuations in US Dollar. The following table details the Company's sensitivity to a ₹2 increase and decrease against the US Dollar. ₹2 is the sensitivity used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only net outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a ₹2 change in foreign currency rates. A positive number below indicates an increase in profit or equity where the Rupee strengthens by ₹2 against the US Dollar. For a ₹2 weakening against the US Dollar, there would be a comparable impact on the profit or equity.

(₹ in Crores)

Rs./USD - decrease by INR 2	(0.00)	(0.00)	(0.00)	(0.00)

5. Interest Rate Risks

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's outstanding debt in local currency is on fixed rate basis and hence not subject to interest rate risk.

6. Commodity Price Risk

The Company's operating activities require the ongoing purchase of natural gas and reliquified natural gas. Price are subject to price fluctuations on account of the change in the demand supply patern. The Company is not affected by the price volatility of the raw materials as government finalise the subsidy rates payable to the fertilizer industry based on actual cost of production.

INDEPENDENT AUDITOR'S REPORT

To the Members of Southern Petrochemical Industries Corporation Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Southern Petrochemical Industries Corporation Limited (hereinafter referred to as the "Company") and its associates and joint ventures, which comprise the Consolidated Balance Sheet as at March 31, 2026, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on consideration of reports of other auditors on separate / consolidated financial statements of associates and joint ventures, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of their consolidated state of affairs of the Company and its associates and joint ventures as at March 31, 2026, of consolidated profit (including other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company, its associates and joint ventures in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by Institute of Chartered Accountant of India, and the relevant provisions of the Act and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained and the audit evidence obtained by other auditors in terms of their reports referred to in the "Other Matters" section below, is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report:

Sr. No	Key Audit Matter Description	How the Key Audit Matters was addressed in our audit
1	Recognition, measurement and valuation of Subsidy income and related receivables Refer to Note 2 (iv) 'Revenue Recognition' and Note 22 'Revenue from operations' to the consolidated financial statements. The Company has recognised subsidy income of Rs. 2,565.70 crores for the year ended March 31, 2026. The Company recognises concession (subsidy) income receivable in accordance with the New Pricing Scheme for Urea from the Department of Fertilizers, Government of India.	Our audit procedures included, but were not limited to the following: 1. We understood the subsidy income recognition process, evaluated the design and implementation, and operating effectiveness of internal controls relating to subsidy income and related receivables. 2. We enquired with the relevant personnel in the Company, read and understood their interpretations of the relevant circulars and notifications issued by GOI from time to time with regard to the subsidy policies that impact subsidy income and related receivables. 3. We correlated the sales quantity considered for subsidy income with the actual sales made by the Company and customer acknowledgements as per the iFMS portal of the DOF.

Sr. No	Key Audit Matter Description	How the Key Audit Matters was addressed in our audit
	Recognition of subsidy income and assessment of its recoverability is subject to exercise of significant judgement and interpretation of relevant notifications by the management, which includes satisfaction of conditions specified in notifications, evaluation of recoverability of receivables etc., and has accordingly been considered as a key audit matter.	4. We reviewed the quantities and rates considered for the purpose of recognising freight subsidy. 5. We evaluated Management's assessment and reviewed underlying calculations regarding compliance with relevant conditions as specified in the notifications and policies. 6. We analysed and discussed the status of outstanding subsidy receivables and its realisability with the Management. 7. We traced credits to bank statements for the receipts during the year. 8. We Assessed the adequacy of presentation and related disclosures in the consolidated financial statements are in line with the Indian accounting standards and Schedule III.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Directors' report but does not include the consolidated financial statements and our auditor's report thereon. The Directors' report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Directors' report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

The Company's Management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Company, its associates and joint ventures in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. The respective Management and Board of Directors of the Company and of its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Board of Directors of the Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the Company and of its associates and joint ventures are responsible for assessing the ability of the Company and of its associates and joint ventures to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors / Management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Company and of its associates and joint ventures are responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Consolidated Financial Statements.

Other Matters:

The consolidated financial statements include the Company's share of net profit (including total comprehensive income) of Rs.19.98 Crores for the year ended March 31, 2026, as considered in the consolidated financial statements, in respect of 1 associate and 1 Joint venture, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these joint ventures and associates, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid joint ventures and associates, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements is not modified in respect of the above matter.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on separate / consolidated financial statements of the associates and joint ventures referred to in the Other Matters section above, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors of the Company as on March 31, 2026 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its associate companies and joint ventures incorporated in India, none of the directors of the Company, its associate companies and joint ventures incorporated in India are disqualified as on March 31, 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of internal financial controls with reference to consolidated financial statements of the Company, its associate companies and joint ventures incorporated in India and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate / consolidated financial statements of the associates and joint ventures referred to in the Other Matters section above:

- i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Company, its associates and joint ventures - Refer Note 31 to the consolidated financial statements.
- ii. The Company, its associates and joint venture did not have any material foreseeable losses on long-term contracts including derivative contracts. With respect to one joint venture, provision has been created, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
- iii. There has been no delay in transferring amounts to the Investor Education and Protection Fund by the Company and its joint venture incorporated in India during the year ended March 31, 2026. Further, no amounts were required to be transferred to the Investor Education and Protection Fund by the associates and one joint venture incorporated in India.
- iv.
 - (i). The respective Managements of the Company and its associates and joint ventures which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such associates and joint ventures respectively that, to the best of their knowledge and belief, as disclosed in the Note 42(a) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or any of such associates and joint ventures to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or any of such associates and joint ventures ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (ii). The respective Managements of the Company and its associates and joint ventures which are companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such associates and joint ventures respectively that, to the best of their knowledge and belief, as disclosed in the Note 42(b) to consolidated financial statements, no funds have been received by the Company or any of such associates and joint ventures from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or any of such associates and joint ventures shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (iii). Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the associates and joint ventures which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material mis-statement.
- v. On the basis of our verification and on consideration of the reports of the statutory auditors of associates and joint ventures that are Indian companies under the Act, we report that:
 - i) The final dividend paid by the Company and its joint venture during the year in respect of the same declared for the previous year is in accordance with section 123 of the Companies Act 2013 to the extent it applies to payment of dividend.
 - ii) The Board of Directors of the Company and its joint venture have proposed final dividend for the year which is subject to the approval of their respective members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend. (Refer Note 46 to the consolidated financial statements).
- vi. Based on our examination which included test checks and based on the other auditor's reports of its associate companies and joint venture companies incorporated in India whose financial statements have been audited under the Act, except for instance mentioned below, the Company, its associate

companies and joint venture companies incorporated in India have used accounting software systems for maintaining their respective books of account for the financial year ended March 31, 2026 which have the feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software systems. Further, during the course of audit, we and respective other auditors, whose reports have been furnished to us by the Management of the Company, have not come across any instance of the audit trail feature being tampered with. Additionally, the audit trail of prior year has been preserved by the Company and above referred associate companies and joint venture companies incorporated in India as per the statutory requirements for record retention.

In respect of one Joint venture incorporated in India and as reported by its auditors,

- i. "Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software, except for the instances mentioned below:
 - (a) The feature of recording audit trail (edit log) was not enabled at the application level for one software (Plant MIS) and at the database level for two software (Plant MIS, TAS) used for maintaining the books of accounts relating to maintenance of production and inventory accounting.

In the case of one accounting software (SAP), which is used for maintaining the books of account relating to general ledger, inventory, sales and production, the database-level audit trail was enabled during the year, however no audit log files were found in the specified directory, and hence the effectiveness of database-level audit logging could not be verified.
 - (b) Daily backup schedule is not configured for one software relating to Material movement in Terminal Accounting system (TAS).
- ii. The audit trail has been preserved by the company for the accounting software, except for software (Plant MIS) as mentioned above.

Further, for the periods where audit trail facility was enabled and operated throughout the year for respective accounting software, we did not come across any instance of the audit trail feature being tampered with."

2. In our opinion, according to information, explanations given to us, the remuneration paid by the Company and its associates and Joint ventures, to its directors is within the limits laid prescribed under Section 197 read with Schedule V of the Act and the rules thereunder except in case of 1 associate and 1 joint venture, as the provisions of the aforesaid section is not applicable to private companies.
3. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 ("CARO") issued by the Central Government in terms of sub-section (11) of section 143 of the Act, to be included in the Auditor's report, according to the information and explanations given to us, based on the CARO reports issued by us and the auditors of respective companies included in the consolidated financial statements, as provided to us by the Management of the Company, we report that there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said companies included in the consolidated financial statements.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SOUTHERN PETROCHEMICAL INDUSTRIES CORPORATION LIMITED

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company and its associates and joint ventures to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company and its associates and joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company and its associates and joint ventures to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities or business activities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF SOUTHERN PETROCHEMICAL INDUSTRIES CORPORATION LIMITED

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditor's Report of even date to the Members of Southern Petrochemical Industries Corporation Limited on the Consolidated Financial Statements for the year ended March 31, 2026]

Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

In conjunction with our audit of the consolidated financial statements of the Southern Petrochemical Industries Corporation Limited (hereinafter referred to as "the Company") as of and for the year ended March 31, 2026, we have audited the internal financial controls with reference to consolidated financial statements of the Company and its associate companies and joint venture companies, which are companies incorporated in India, as of that date.

In our opinion, and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on internal financial controls with reference to financial statements referred to in the Other Matters section below, the Company and, its associate companies and joint venture companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2026, based on the internal financial controls with reference to financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI").

Management and Board of Director's Responsibility for Internal Financial Controls

The respective Management and the Board of Directors of the Company and, its associate companies and joint venture companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Company and its associate companies and joint venture companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our

audit opinion on the internal financial controls with reference to consolidated financial statements of the Company and, its associate companies and joint venture companies, which are companies incorporated in India.

Meaning of Internal Financial Controls with Reference to Consolidated Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to 1 associate company and 2 joint venture companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

**NOTES FORMING PART OF THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2026**

Note 1 GENERAL INFORMATION

Southern Petrochemical Industries Corporation Limited ('the Company'/'SPIC'), having its registered office at Chennai is a Public Limited Company, incorporated under the provisions of the Companies Act, 1956. Its shares are listed on National Stock Exchange of India. The Company is manufacturing and selling Urea, a Nitrogenous chemical fertilizer and has its manufacturing facility at Tuticorin.

Note 2 MATERIAL ACCOUNTING POLICIES

i) Basis of preparation of financial statements

a. Statement of Compliance with IND AS

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Accounting policies have been consistently applied to all the years presented except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

b. Basis of measurement

The financial statements have been prepared on a historical cost convention on accrual basis, except for the below material item that have been measured at fair value as required by relevant Ind AS:-

Certain financial assets and liabilities measured at fair value (refer accounting policy on financial instruments)

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of sales and the time between the sale and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and noncurrent classification of assets and liabilities.

c. Use of Estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of the financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and in any future years affected. Refer Note 3 for detailed discussion on estimates and judgments.

d. Basis of consolidation:

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above. When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The

Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the company's accounting policies.

Investments in Associates and Joint Ventures

An **associate** is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A **joint venture** is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries.

The Company's investments in its associate and joint venture are accounted for using the equity method. Under the equity method, the investment in an associate or a joint venture is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Company's share of net assets of the associate or joint venture since the acquisition date.

The statement of profit and loss reflects the Company's share of the results of operations of the associate or joint venture. Any change in OCI of those investees is presented as part of the Company's OCI. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Company recognises its share of any changes, when applicable, in the statement of changes in equity.

The aggregate of the Company's share of profit or loss of an associate and a joint venture is shown on the face of the statement of profit and loss.

(1) Interests in Jointly Controlled entities:

The Group's interests in jointly controlled entities are:

Name of the Company	Country of incorporation	Percentage of ownership interest	
		As at 31 March 2026	As at 31 March 2025
Tamilnadu Petroproducts Limited	India	16.93	16.93
National Aromatics and Petrochemicals Corporation Limited	India	50.00	50.00

(2) Investments in Associates:

The Group's associates are

Name of the Company	Country of incorporation	Percentage of ownership interest	
		As at 31 March 2026	As at 31 March 2025
Tuticorin Alkali Chemicals and Fertilizers Limited	India	23.46	23.46
Greenam Energy Private Limited	India	20.00	20.00

ii) Property, Plant and Equipment

Property, plant and equipment are stated at cost less depreciation and impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to Statement of Profit and Loss during the year in which they are incurred.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non-current assets and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'. Items of stores and spares that meet the definition of PPE are capitalized at cost. Otherwise, such items are classified as inventories.

Depreciation methods, estimated useful lives.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on tangible assets is recognized so as to write off the cost of assets (other than freehold land and capital work in progress) less their residual values over the useful lives, using the straight line method. The company has followed the useful life as prescribed in Schedule II of the Companies Act 2013, except in respect of the assets pertaining to Tuticorin manufacturing plant in whose case the life of the assets has been assessed as under based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support.

Asset	Useful Life
Building – Factory	25-65 years
Building – Others	45-75 years
Plant and Machinery	15-49 years
Furniture and Fixtures	12-33 years
Vehicles	8-26 years
Office Equipments	7-38 years
Roads	34-44 years
Railway sidings	40 years

Depreciation on addition to property plant and equipment is provided on pro-rata basis from the date of acquisition. Depreciation on sale/deduction from property plant and equipment is provided up to the date preceding the date of sale, deduction as the case may be. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss under 'Other Income'.

Depreciation methods, useful lives and residual values are reviewed periodically at each financial year end and adjusted prospectively, as appropriate.

iii) Fair value measurements

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability accessible to the Company.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs. The Company's management determines the policies and procedures for fair value measurement such as derivative instrument.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

iv) Revenue Recognition

The Company earns revenue primarily from sale of Urea.

Revenue is recognized upon transfer of control of promised products to customers in an amount that reflects the consideration which the company expects to receive in exchange for those products.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions and incentives, if any, as per the contract with the customer. Revenue also excludes taxes collected from customers.

Under the New Pricing Scheme for Urea, the Government of India reimburses, in the form of subsidy, to the Fertilizer Industry based on the Retention Price computed on the cost of Natural gas and Regasified Liquefied Natural Gas (RLNG) price. This has been accounted on the basis of the rates notified from time to time by the Government of India on the quantity of Urea sold by the company for the period for which notification has been issued.

The revenue has been further adjusted for input price escalation / de-escalation as estimated by the Management in accordance with the known policy parameters in this regard.

v) Taxes

Tax expense for the year, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the year.

a. Current Income tax

Current tax assets and liabilities are measured at the amount expected to be recovered or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the year end date. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

b. Deferred tax

Deferred income tax is provided in full, using the balance sheet approach, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in financial statements. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the year and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilize those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Current and deferred tax is recognized in Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

The carrying amount of the deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Minimum Alternate Tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The Company recognize MAT credit available as an asset only to the extent that there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as MAT Credit Entitlement" and grouped under Deferred Tax. The Company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the Company does not have convincing evidence that it will pay normal tax during the specified period.

vi) Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

Raw materials, packaging materials and stores and spare parts are valued at lower of cost and net realizable value. Cost includes purchase price, (excluding those subsequently recoverable by the enterprise from the concerned revenue authorities), freight inwards and other expenditure incurred in bringing such inventories to their present location and condition. In determining the cost, weighted average cost method is used.

Provision of obsolescence on inventories is considered on the basis of management's estimate based on demand and market of the inventories.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale.

vii) Impairment of non-financial assets

The Company assesses at each year end whether there is any objective evidence that a non financial asset or a group of non financial assets is impaired. If any such indication exists, the Company estimates the asset's recoverable amount and the amount of impairment loss.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in Statement of Profit and Loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the

amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through Statement of Profit and Loss.

The recoverable amount of an asset or cash-generating unit (as defined below) is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit").

viii) Provisions and Contingent liabilities

Provisions are recognized when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

ix) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

a. Financial Assets

Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortized cost; or
- b) at fair value through other comprehensive income; or
- c) at fair value through profit or loss.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in finance income using the Effective Interest Rate method (EIR).

Fair Value through Other Comprehensive Income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and

Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair Value Through Profit or Loss (FVTPL): Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

Equity instruments: All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument- by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

The company has equity instruments in 9 (nine) entities which are not held for trading. The company has elected the FVTOCI irrevocable option for these investments. Fair value is determined in the manner described in Note 6.

Impairment of financial assets

In accordance with Ind AS 109, Financial Instruments, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on financial assets that are measured at amortized cost and FVTOCI.

For recognition of impairment loss on financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent years, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12 month ECL

Life time ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the year end.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension etc.) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

In general, it is presumed that credit risk has significantly increased since initial recognition if the payment is more than 30 days past due.

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/expense in the statement of profit and loss. In balance sheet ECL for financial assets measured at amortized cost is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

Derecognition of financial assets

A financial asset is derecognized only when

- a) the rights to receive cash flows from the financial asset is transferred or
- b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the financial asset is transferred then in that case financial asset is derecognized only if substantially all risks and rewards of ownership of the financial asset is transferred. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

b. Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss and at amortized cost, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

c. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

x) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

xi) Subsidy from Government

Subsidies from the government are recognized when there is reasonable assurance that the subsidy will be received and all attaching conditions will be complied with. When the subsidy relates to an expenses item, it is recognized as income over the periods necessary to match them on a systematic basis to the costs, which it is intended to compensate. Where the subsidy relates to an asset, it is recognized as income in equal amounts over the expected useful life of the related asset.

xii) Cash and Cash Equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand and short-term deposits net of bank overdraft with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purposes of the cash flow statement, cash and cash equivalents include cash on hand, cash in banks and short-term deposits.

xiii) Employee Benefits

a. Short-term obligations

Liabilities for salaries and wages, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognized in respect of employees' services up to the end of the year and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

b. Other long-term employee benefit obligations

Defined Contribution plan

Contributions paid/payable to defined contribution plans comprising of Superannuation (under a scheme of Life Insurance Corporation of India) and Provident Funds for certain employees covered under the respective Schemes are recognised in the Statement of Profit and Loss each year.

The company's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognizes any related restructuring costs

Defined benefit plans

Gratuity: The Company's Gratuity scheme for its employees is a defined benefit retirement benefit plan. Obligation under the gratuity scheme is covered under a Scheme of Life Insurance Corporation of India (LIC) and contributions in respect of such scheme are recognized in the profit or loss. The liability as at the Balance Sheet date is provided for using the projected unit credit method, with actuarial valuations being carried out as at the end of the year. Defined benefit costs are categorized as follows:

- service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- net interest expense or income; and
- Re-measurement

The Company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs. Net interest is calculated by applying the discount rate at the beginning of the year to the net defined benefit liability or asset.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss.

Compensated Absences: Accumulated compensated absences, which are expected to be availed or en-cashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or en-cashed beyond 12 months from the end of the year are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the statement of profit and loss in the year in which they arise.

Leaves under defined benefit plans can be en-cashed partly while in service and on discontinuation of service by employee

xiv) Earnings Per Share

Basic earnings per share is calculated by dividing the total comprehensive income / (loss) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is total comprehensive income / (loss) for the year. The weighted average number of equity shares outstanding during the year and for all the years presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the total comprehensive income / (loss) for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

xv) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates (i.e. the "functional currency"). The financial statements are presented in Indian Rupee (₹), the national currency of India, which is the functional currency of the Company.

xvi) Rounding off amounts

All amounts disclosed in financial statements and notes have been rounded off to the nearest thousands as per requirement of Schedule III of the Act, unless otherwise stated.

Amendments to IND AS effective from April 1, 2025

The Ministry of corporate Affairs ("MCA") notified amendments on 7 May 2025 and 13 August 2025 under the Companies (Indian Accounting Standards) Amendment Rules, 2025 and the Companies (Indian Accounting Standards) Second Amendment Rules, 2025, respectively, which is effective from annual reporting periods beginning on or after 1 April 2025.

(a) Amendment to Ind AS 1 - Classification of liabilities as current or non-current and non-current liabilities with covenants:

The amendment specifies the requirements for classifying liabilities as current or non-current in the balance sheet, and clarifies the following:

- I) An entity's right to defer settlement of a liability for at least twelve months after the reporting period must have substance and must exist at the end of the reporting period. The classification of liability as current or non-current is unaffected by the likelihood that the entity will exercise its right to defer settlement.
- II) If an entity's right to defer settlement of a liability is subject to covenants, such covenants affect whether that right exists at the end of the reporting period only if the entity is required to comply with the covenant on or before the end of the reporting period.

- III) In case of a liability that can be settled, at the option of the counterparty, by the transfer of the entity's own equity instruments, such settlement terms do not affect the classification of the liability as current or non-current only if the option is classified as an equity instrument.

These amendments have no effect on the measurement of any items in the financial statements of the company. The company did not make retrospective adjustments as a result of adopting the amendments to Ind AS 1.

(b) Amendment to Ind AS 21-Lack of exchangeability:

The Amendments introduces requirement to assess when a currency is exchangeable into another currency and when it is not. The amendment requires an entity to estimate the spot exchange rate when it concludes that a currency is not exchangeable into another currency. These amendments had no effect on the financial statements of the company.

The below amendments are notified but not yet effective

Amendment to Ind AS 1 'Presentation of Financial Statements'- Classification of Liabilities as current or non-current and non-current liabilities with covenants:

The amendment includes specific provisions that will take effect for reporting periods beginning on or after 1 April 2026, retrospectively, as outlined below:

- a) Breach of material covenant for long-term loan arrangement on or before end of reporting period with effect that liability becomes payable on demand as on reporting date, then it shall be classified as current liability, if lender agreed after reporting period and before approval of financial statements to not demand payment as a consequence of breach.
- b) Classify as non-current liability, if lender agreed by end of reporting period to provide grace period ending at least 12 months after reporting period within which entity can rectify the breach provided lender does not demand immediate repayment.
- c) Disclose information about the timing of settlement to understand the impact of the liability on the financial statements.

The company does not expect this amendment to have an impact on its operations or financial statements.

Note 3 Significant accounting judgments, estimates and assumptions

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future years.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the yearend date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

a. Taxes

Deferred tax assets are recognized for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The Company neither have any taxable temporary difference nor any tax planning opportunities available that could partly support the recognition of these losses as deferred tax assets. On this basis, the Company has determined that it cannot recognize deferred tax assets on the tax losses carried forward except for the unabsorbed depreciation.

b. Useful lives of Property, Plant and Equipment

The Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period.

c. Revenue Recognition

The Company provides customer incentives, such as rebates, based on quantity purchased, timing of collections etc. Various estimates are made to recognise the impact of rebates and other incentives on revenue. These estimates are made based on historical and forecasted data, contractual terms and current conditions.

d. Subsidy Income

Subsidy income is recognised on the basis of the rates notified from time to time by the Government of India in accordance with the New Pricing Scheme for Urea on the quantity of Urea sold by the Company for the period for which notification has been issued and for the remaining period, based on estimates.

e. Defined benefit plans (gratuity benefits and compensated absences)

The cost of the defined benefit plans such as gratuity and compensated absences are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at the end of each year.

The principal assumptions are the discount and salary growth rate. The discount rate is based upon the market yields available on government bonds at the accounting date with a term that matches that of liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis.

Note 30A Plant Operations

- (i) During the year the Company achieved a production of 7.21 Lakhs MT (previous year 7.21 Lakhs MT).
- (ii) The Company has become a gas-based Urea manufacturing unit since 13th March 2021 and is therefore eligible for higher fiscal incentives in the form of subsidy income due to higher energy norms from the above said date for the next five-year period, which is expired on 13th March 2026. The Company has been included in the Gas Pool with effect from 1st May 2024 considering the Company has fully moved to Gas based manufacturing.
- (iii) Subsidy for the period 1 April 2025 to 31 March 2026 of Rs. 2,426.91 Crores has been accounted based on the provisional Retention Price (RP) computed in line with the Government's policy indicated in the notification dated 17 June 2015, as the final retention price has not been announced by the Department of Fertilizers. The necessary adjustments, if any, will be made when the final retention price is notified by the Department of Fertilizers.

Note 30B Capital Commitments

Estimated amounts of contracts remaining to be executed on capital account and not provided for (net of advances) Rs. 238.23 Crores (Previous year Rs.296.78 Crores).

With respect to a Associate:

Estimated amounts of contracts remaining to be executed on capital account and not provided for Rs. 15.18 Crores (Previous Year Rs. 107.85 Crores).

Note 31 Contingent Liabilities
(a) Claims not acknowledged as debts:

- (i) The District Collector, Tuticorin vide his letter dated, 21 August 2009 had demanded Rs. 168.74 Crore (Previous year Rs.168.74 Crore) towards lease rent for the utilization of 415.19 acres of sand quarry poramboke lands by the Company for its effluent treatment and storage of Gypsum for the period from 1975 to 2008. While raising this demand, the District Collector had ignored the proposal submitted by the Company during 1975 to the State Government seeking assignment of the said land which is still pending. The Company filed a writ petition challenging the demand before the Hon'ble Madras High Court and the court granted interim stay vide its order dated 21 April 2010 on further proceedings. During November 2010 the District Collector, Tuticorin filed a counter before Hon'ble Madras High Court praying for the vacation of interim stay. In November 2023, Single bench at Madras High Court had directed the Company vide their order dated 29 November 2023, to pay Rs.168.74 Crores as lease rent to the Tamil Nadu government within 2 weeks from the date of the order. The Division bench has in its interim order stayed the demand raised by the Single judge till next date on the condition that Company pays Rs 50 crores, which the Company has paid during December 2023.
- (ii) Tamil Nadu Water Supply and Drainage Board (TWAD) has claimed payments for the period during which the Nitrogenous plants were not in operation, based on 50% allotted quantity of water. The Company

Water Charges were paid to TWAD based on actual receipt by individual industries. The claims include interest made by TWAD for Rs. 60.83 Crore (Previous year Rs. 57.37 Crore) is not acknowledged as debt, as this differential value from April 2009 to March 2026 is not supported by any Government Order and the other beneficiaries are objecting to such claims of TWAD. We are regularly following up with TWAD authorities for waiver of the demand. It is expected to complete shortly.

- (b) No provision has been considered necessary by the Management for the following disputed Excise duty, Service tax, Goods and Services tax demands which are under various stages of appeal proceedings. The Company has been advised that there are reasonable chances of successful outcome of the appeals and hence no provision is considered necessary for these demands.

36.1 Capital Management

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity shareholders. The primary objective of the Company's capital management is to ensure that it maintains a strong credit rating and capital ratios in order to support its business and maximise shareholder value.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital. The Company includes within net debt, all non-current and current borrowings reduced by cash and cash equivalents.

The following table summarises the capital of the Company:

(₹ in Crores)

Particulars	As At 31 March 2026	As At 31 March 2025
a) Equity	1,370.05	1,198.85
b) Borrowings	697.79	721.74
c) Less: Cash and Cash equivalents	(98.81)	(48.97)
d) Less: Liquid Investments	(26.57)	(30.59)
e) Total debt(b+c+d)	572.41	642.18
f) Overall financing(a+e)	1,942.46	1,841.03
g) Net debt to capital ratio (e/f)	0.29	0.35
h) Interest coverage ratio	11.08	4.68

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current year. No changes were made in the objectives, policies or processes for managing capital during the year ended 31 March 2026 and 31 March 2025

36.3 Financial Risk and Management Objectives

The Company's activities expose it to a variety of financial risks, credit risks, liquidity risks and market risks.

The Company's board of directors has overall responsibility for the establishment and oversight of the risk management framework.

The risk management policies are established to identify and analyse the risks faced by the company, to set appropriate risk limits and controls and to monitor risks and adhere to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and company's activities. The company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

1. Credit Risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Trade receivables and subsidy receivable

The Company receivables can be classified into two categories, one is from the customers into the market and second one is from the Government in the form of subsidy. As far as Government portion of receivables are concerned, credit risk is nil. For market receivables from the customers, the Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Company monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets. The Company has also taken security deposits from its customers, which mitigate the credit risk to some extent.

The credit risk on cash and bank balances is limited because the counterparties are banks with high credit ratings assigned by international credit rating agencies.

2. Liquidity Risks

Liquidity risk is the risk that the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation.

The table below provides the details regarding the expected recovery of significant financial assets as follows:

		585.81	234.18	144.83	38.11	1002.93

3. Market Risk

Market risk is this risk that changes in market prices, such as foreign exchange rates and Interest rates will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters while optimising the returns.

4. Foreign Currency Risks

The company is exposed to currency risk to the extent that there is a mismatch between the currencies in which transactions are denominated and the functional currency of the company. The functional currency of the company is Indian Rupees (INR). The currency in which these transactions are primarily denominated is US Dollars (USD).

- a. The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities based on gross exposure at the end of the reporting period is as under:

(In Million USD)

Particulars of Liabilities	As at 31 March 2026	As at 31 March 2025
Trade Payables		
Amount due on account of goods supplied	0.00	0.03

(In Crores INR)

Particulars of Liabilities	As at 31 March 2026	As at 31 March 2025
Trade Payables		
Amount due on account of goods supplied	0.19	0.29

- b. Foreign currency sensitivity analysis

The Company is mainly exposed to fluctuations in US Dollar. The following table details the Company's sensitivity to a Rs. 2 increase and decrease against the US Dollar. Rs.2 is the sensitivity used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only net outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a Rs. 2 change in foreign currency rates. A positive number below indicates an increase in profit or equity where the Rupee strengthens by Rs. 2 against the US Dollar. For a Rs. 2 weakening against the US Dollar, there would be a comparable impact on the profit or equity.

Currency impact relating to the foreign currencies of	As at 31 March 2026		As at 31 March 2025	
	Profit or loss	Equity	Profit or loss	Equity
₹/USD - increase by INR 2	0.00	0.00	0.00	0.00
₹/USD - decrease by INR 2	(0.00)	(0.00)	(0.00)	(0.00)

5. Interest Rate Risks

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's outstanding debt in local currency is on fixed rate basis and hence not subject to interest rate risk.

6. Commodity Price Risk

The Company's operating activities require the ongoing purchase of natural gas and reliquified natural gas. Prices are subject to price fluctuations on account of the change in the demand supply pattern. The Company is not affected by the price volatility of the raw materials as government finalise the subsidy rates payable to the fertilizer industry based on actual cost of production.
